

EPIQ is a New Revolutionary Approach to Tool Storage!

It's a complete productivity system, bringing together sophisticated diagnostics and cordless tools, with reliable security and Snap-on's heritage of rugged durability.

Created by Techs, for Techs

See page 2 for color availability, specifications and warnings.

Features and Benefits:

- **InPULSE™ InPulse Drawer Action** – Flush finish drawers with uncompromising strength are easier to open, easier to close and don't drift open.
- **ISO-RIDE™ ISO-Ride System** – 7x2" Swivel-lock mag wheels with independent torsion spring suspension for a cool, smooth ride over rough surfaces. Each wheel can hold a ton.
- **PowerBank™** – Dedicated, secure power tool storage. Built-in power access lets batteries recharge even while bank is locked.
- **PowerTop™** – Stainless steel work surface with integrated power source for more places to plug in, and a raised edge on all sides to keep parts in place.
- **PowerHouse™** – Easy access to diagnostic tools all day, quick to lock up at night.
- **EPIQ strength** – Designed for a lifetime of use with more load capacity. The roll cab features a combination of our traditional corner gussets and standing seam construction with additional top, bottom and side support to create Snap-on's strongest roll cab design.
- New styling includes flush fronts & trim to reduce snag points and provides a fresh new look.
