

## Get A Killer Tool Box Without Killing Your Budget

### Features and Benefits:

- Full double walled construction making for a stronger box which resists the constant pounding of weight and vibration.
- Stiffeners are added between the walls to reduce stress on the box and keep the drawers from sagging.
- Close to 15,000 cubic inches of space.
- Drawers are made of 20 gauge steel.
- Welded lock tabs on the back of each drawer.
- Casters are fastened to the roll cab using weld nuts so they won't loosen over time.
- Drawer edges are hemmed to double thickness so they are extra stiff,

Country of Origin - Canada

CE – Not Required

## KRB2006 and KRB2055 Feature shots and specifications

Drawer pulls are 3/4" deep for extra finger room when pulling.

Welded lock tabs on back of drawer add security and durability.

Reinforced panel engineering keeps the box strong and straight for the lifetime of the cabinet.

Casters are secured with weld nuts for superior strength and load rating.

Double-wall design for a more rigid tool box.
