

From the Heritage Roll Cab Platform... Life-tested to Provide Reliable Performance

KRSC43

The KRSC43 features a split-top that slides out from the center to provide total access to a generous 7" deep top compartment

Features and Benefits

- Cart body is entirely welded double wall design, not bolted, for lasting strength
 - Spot welds 3-4" apart
- Rolled edges and a rear flange on drawers provide a solid feel to drawers under load
- Two shot molded rubber/nylon corner bumpers protect nearby objects and provide long lasting brand identification and professional appearance
- Full length two point locking lid and separate manual rear lock rod for drawers
 - more secure than single point lock used by many other manufacturers

See Page 3 for Color Options

CE – Not required Country of origin: USA

KRSC43
