Country of Origin – Assembled in United States

CE - DE, ES, FR, IT, GB, NL

PT110A

More Features and Benefits

- Ergonomic handle is contoured to fit comfortably in the hand as well as absorb vibration
- Rear exhaust outlet directs exhaust away from the work area while keeping material removal away from operator's face
- Thermally balanced air motor acts as internal cooling system to protect moving parts, efficiently routing air to control surface temperature of tool
- Built in 10 position power/speed regulator precisely matches tool speed to job requirements
- Easy bit changing using standard wrenches
- Safety style variable speed paddle trigger helps prevent accidental starting of tool
- Low dBA rating reduces fatigue from noise
