

Ideal Length for Injector Hold Down Fasteners on Ford® 6.0L Power Stroke® Diesel Engines

S6340E

3/8" drive T40 bit socket 3-1/8" long

Features and Benefits

- Manufactured from special alloy steel and heat treated for optimum strength
- Snap-on® bits are designed with precise fit and tight tolerance to prevent slippage and disengagement

Application

- Perfect length of 3 1/8" is ideal for removing and reassembly of *Ford Power Stroke* 6.0L diesel injectors
- A regular length T40 bit socket is too short and a long T40 bit socket is too long when used with a ratchet or torque wrench and will not fit the application

Replacement Bit S6340E2
